

The wolf and the stork

One day a wolf was devouring his prey and a bone got stuck in his throat.

He ran through the woods looking for help.

A stork said "I can help you but I want a reward of gold." The wolf quickly agreed.

The stork reached in the wolf's mouth with his long beak and removed the bone.

The stork demanded "Now I want my reward". The wolf laughed. "You greedy stork. You had your head in my mouth. You are lucky I did not bite it off".
